The purpose of this training is to provide employees and/or responding law enforcement personnel with basic cell extraction techniques that will increase offender compliance, reduce departmental liability, and reduce possibility of injury to both staff and offenders.

This 2-day class will cover a multitude of issues including hands-on sessions to reinforce the techniques. If you work in a correctional setting, you will not want to miss this block of training.

You will cover Immediate vs. Calculated Use of Force in a Correctional Setting, Recognizing the need for immediate force. Cell Extraction overviews to include supervisory responsibilities, Team Leaders responsibilities both pre and post extraction. Recommended Equipment along with video and audio recording considerations.

This course will also cover single and multiple person extraction procedures plus much more.

Observed Mandates Include:

Civil Rights

Const. Use of L/W Authority

Medical Response

Procedural Justice

U of F- Law with 6 hours of role play

This course is funded by the Illinois Law Enforcement Training Standards Board.
