Class Description: This course will teach the student how to successfully use the breath testing instrument in administering breath tests for the purpose of determining alcohol consumption. Being an integral part of DUI enforcement, this course will help the officer produce the results they need. If you are not an operator, this is an excellent opportunity to get this skill set and certification.

This course will be taught by Illinois State Police Officers.

Caution

I only have 25 seats for this class. These seats traditionally fill quickly.
