January 2nd, 2026

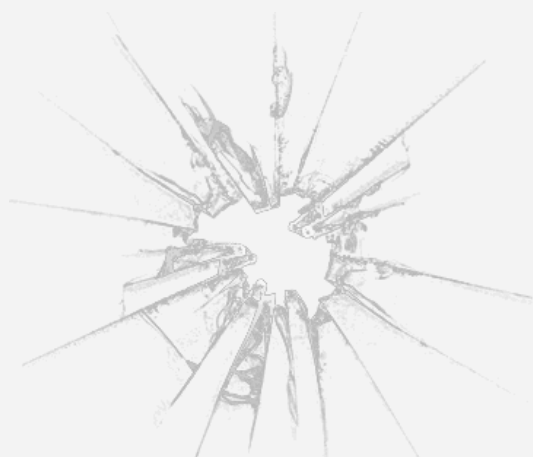

0830-1230 hrs

Denny Stewart Training Center
3121 Dewitt Ave.
Mattoon, Il. 61938

Submit enrollment to:
Registration form at
www.mtu13.com,

This course was made up to include all the skill sets that an officer would need to keep someone alive until a higher level of medical treatment could arrive except CPR. It is designed to where an officer can take the CPR refresher every other year and the Law Enforcement Medical Officer course every other year and will stay up to date on the skills needed to keep people alive. The person may be an offender, it may be a member of the public or it may be another officer or even themselves. One thing is for certain though, this class will save somebodies life.

*****An approved Medical Course is required annually*****

Mandates

Emergency Medical Response

This course is funded by the Illinois Law Enforcement Training Standards Board
