Denny Stewart Training Center

3121 Dewitt Avenue

Mattoon, Il.

The STIC, the state designated fusion center, opened in 2003 and seeks to improve information sharing with and between public safety officials. As a member of the National Network of Fusion centers, STIC personnel have the ability to quickly obtain and share information with partners regarding national trends and critical incidents. The STIC's all-crimes and all-hazards approach has led to the development of public safety outreach programs, benefitting the lives of the citizens of Illinois.

MTU 13 is proud to present the 1st lunch and learn presentation by Alexis Hartman. Alexis is associated with the Statewide Terrorism and Intelligence Center (STIC) and will be here to let you know exactly what resources are available for your agency.

LUNCH is provided by MTU 13 following this important presentation

Observed Mandates Include:

Procedural Justice
