What more can I say to put into a flyer? You attended Standardized Field Sobriety Testing course. This is an update that will give you any changes to procedures and hone your skills. I'm not even going to tell you that arresting drunk drivers is one of the most important aspects of your job. I'm also not going to tell you that there will be people who come up to you years later and tell you that you changed their life by the DUI arrest that you made on them. I'm not going to say that with the legalization of cannabis, there is now more than ever, more impaired drivers on the road. I'm not gonna say that, because you already know. You are seeing a lot more of the DUI related courses being added to the calendar. You will never go wrong honing these skills, they are perishable. If you don't use them you will lose them.

This is your opportunity to hone those skills which will make you a top notch enforcer of impairment.

Observed Mandates Include:

Civil Rights

Const. Use of LE Authority

Procedural Justice

This course is funded by a grant by the Illinois Law Enforcement Training Standards Board
